Docket No. 98N-1265

Food and Drug Administration

5600 Fishers Lane

Rockville, MD. 20857

I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I OBJECT to the definition of "inordinate amount" which restricts the availability and the right to obtain medically necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

COMMENTS: The compounded medication I receive from Madison pharmacy is a grave necessity for me. I tried the many replacements in the general market & was unable to function in my daily life. I definitely need this dosage. Please don't take this quality of life away from me. I have had a hysterectomy & oophorectomy & I need the estrogen & testosterone in the prescribed dose.
